

# Structure of the report - overview

1. Background	1.1 Definitions	20
	1.2 Purpose and Hypotheses	21
	1.3 Research Goal and Methodology	22
	1.4 Caveats and Study Limitations	31
	1.5 Key Knowledge Gaps	33
2. Findings: Costs and Benefits	2.1 Overview and Key Findings	35
	2.2 Domestic: Benefits and Costs	37
	2.3 Irrigation: Benefits and Costs	52
3. Findings: Poverty Impacts	3.1 Overview and Key Findings	58
	3.2 Poverty Impacts by Use	60
	3.3 Summary: Single-vs-Multiple Use Services	68
4. Findings: Market Mapping	4.1 Overview and Key Findings	73
	4.2 Domestic+	75
	4.3 Irrigation+	80
5. Opportunity Action Areas	5.1 Overview	86
	5.2 Opportunity 1: New piped systems for unserved	87
	5.3 Opportunity 2: Upgrading piped systems	90
	5.4 Opportunity 3: Upgrading boreholes	93
	5.5 Opportunity 4: Upgrading household hand-dug wells	96
	5.6 Opportunity 5: Upgrading irrigation systems	99
6. Strategic considerations for implementation	6.1 Overview	103
	6.2 Criteria for successful implementation	104
	6.3 Potential Risks and Mitigation Measures	106
	6.4 Scaling-Up	108
7. Annexes	A. Case Studies	114
	B. Methodology	164
	C. Additional details on results	202
	D. Bibliography	218
